

2ET2500-2ET4000 Series 3-Wheel Pneumatic Tire Lift Trucks

Capacity And Voltage:

- 2,500-4,000 lb
- 48 Volt

Industry Applications:

- Food and Kindred Products
- Public Warehousing and Storage
- Retail Distribution

Key Features:

Advanced Ergonomics

- Fully AC design offers outstanding performance and extended battery life
- Standard fingertip controls offer precise load handling; a travel directional switch and horn are conveniently integrated into the fingertip module
- Easy-to-read, cowl-mounted display panel includes vital information for the operator, including a steer direction indicator, maintenance reminders and selectable performance modes
- The floating cab rests on cushioning bushings, working with the full suspension seat to absorb floor shocks and overall vibrations, providing a more comfortable ride for operators.
- Electric power steering helps reduce operator fatigue, while providing precise steering, quiet operation and responsive steering reaction.
- Secure entry and exit with open step and anti-slip plate and elongated grab bar

Powerful Technology

- Alternating Current (AC) truck design improves efficiency, while the regenerative braking system offers optimal energy recovery. Both allow the truck to run for over two shifts on one battery charge in many applications.
- The AC electric motors are protected to IP54, protecting them against dust, water and chemicals.
- Extremely quiet motors provide precise performance at all power levels.
- Narrow mast channels, a very low-profile cowl and open overhead guards help improve operator visibility of the load and the surroundings at all times.
- Maintenance becomes effortless with extended service intervals, display-based indicators and reminders and easy access to service components.

Option Packages:

- Five convenient battery extraction options
- Operator cab
- Light and strobe package
- Integral side shifter
- Ground speed control
- Cold store modification
- Non-marking tires

Customer Service:

- 2 year/unlimited hours comprehensive coverage
- 3 year/6,000 hours powertrain warranty
- Optional extended warranties:
 - 3 Year/6,000 hours
 - 4 Year/8,000 hours
 - 5 Years/10,000 hours
